For 3-year Bachelor AITU + 1-year Master LTU (for BDA, IT, CS, EE, IoT, ST) 2024-2025 academic year:

1. Students can find our graduate application at www.lt.edu/apply. The application itself will ask the student demographic questions and questions about their education history. On the last page of the application, there is a spot for a fee waiver code. Students can enter AITU1932 to waive the application fee.
2. Students can upload their unofficial undergraduate and graduate transcript to their application. We can use unofficial transcripts to make an admissions decision. However, we will need their official transcript to write their I-20s after they receive their acceptance. Official transcripts can be emailed to admissions@ltu.edu. We consider transcripts official if sent directly by the university registrar's office or exam office.
3. We will also need the students to upload their resume to their application.
4. Lastly, students will need to show proof of English proficiency. I've included our requirements below. We accept TOEFL, IELTS, or Duolingo. Students will need to have their scores sent to LTU.

79 on the TOEFL iBT for graduate students

6.0 on the IELTS for graduate students

105 on the Duolingo English Test for graduate students

All the application procedures for the programs listed below will be announced before March 2025:

- 1-year Master AITU + 1-year Master LTU only for Applied Data Analytics
- 2-year Bachelor AITU + 1-year Bachelor LTU for BDA, IT, CS, EE, IoT, ST

The agreement for the “2-year Bachelor AITU + 1-year Bachelor LTU” program is not signed yet, which means you can only apply for the 2025-2026 academic year.

If you are now the 1st year student or applicant of Astana IT University, you are eligible to apply for 2025-2026 and 2026-2027 academic year.

Requirements to apply:

1. 79 on the TOEFL iBT for graduate students
6.0 on the IELTS for graduate students
105 on the Duolingo English Test for graduate students
2. Resume
3. Unofficial transcript
4. Research Proposal for Master's Degree

The cost of a 1-year education at LTU is \$40,000, but it is free for our students. You only need to pay the following fees for housing, meal plans, and regular study fees.

Information about educational programs can be found at www.ltu.edu :
